

About

For more than 70 years, the Minnesota DFL has worked tirelessly to enact progressive policies and provide a platform for those who need it the most. We believe that every Minnesotan has a right to stable employment with fair wages, to a proper education, to raise and provide for a family, to accessible and affordable healthcare, to live in safe communities, and to retire with dignity and security. We have made a lot of progress over the course of our party's history, but there is still much more to do to ensure no one is left behind. Together, we will continue to build an even better Minnesota for all Minnesotans.

History

The Minnesota Democratic-Farmer-Labor (DFL) Party was created on April 15, 1944, after the Minnesota Democrats merged with the Farmer-Labor Party. Hubert H. Humphrey was instrumental in the merger and is considered by many to be the founder of the Minnesota DFL Party.
